## **Boys & Girls Club of Greater Waterbury Academic Success: Improving Math & Reading Skills**

Academic Success is part of our "Formula for Impact" and the goal of all our academic programs is to help your child do well in school, advance grade level and graduate from high school on time with a plan for his/her future. That plan may include a post-secondary education (college or vocational school) or a career. All of the academic programs are included in your child's after-school membership.

Our academic programs aim to bridge the gap between school and home and work to support the lessons received in school. This school year, all members will engage with computer-based instructional programs that engage and motivate students and that meet the needs of the individual students as they strengthen their math and reading skills.

The program will use the same online learning programs used in the schools We will use. Members will work independently at their own pace through individualized learning paths to develop fundamental reading and math skills in a structured, sequential manner. Club staff will be notified when students require support or intervention and face-to-face instruction.

Programs used will be as follows: \*\*

- Elementary School students (K - 5)
  - Lexia program to develop and strengthen their critical reading and language skills
  - i-Ready\* to grow students' strengths and help them reach (or exceed) grade-level proficiency in math
    - \*K - 2 will use Happy Numbers to ensure a firm foundation for future math learning.
- Middle School students (6 - 8)
  - McGraw-Hill online reading program
  - i-Ready math program for middle school
- High School students (9 - 12)
  - High school members will use Kahn Academy to strengthen their math and reading skills.

## Boys & Girls Club of Greater Waterbury Hybrid Learning Model & Opt-Out Information

The Waterbury Public Schools will return to learning following a hybrid learning model, which entails in-person learning (in school) in the morning and continuation distance learning for the remainder of the day.

The Boys & Girls Club will provide members the opportunity to participate in the distance learning portion of the school day at the Boys & Girls Club. Distance Learning will be done, with staff on hand to assist members as needed, during the first portion of the afternoon. When "school" is over, members will participate in the Club's after-school programs.

The Club has upgraded its internet speed to accommodate distance learning and additional online programming. While the Club had several desktop computers for members' use, **we ask that you send your child with his/her Chrome Book** if he/she has one.

Additionally, the Waterbury Public Schools have provided parents with the option to opt-out of sending their child(ren) to school but instead having a full day of distance learning. The Club requires members to have attended school to attend the Club. This year, for those members who have opted-out of in-person learning, they may attend the Club but parents will have to verify daily that the member "attended" school.
